REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record and, the newly submitted prior art filed in the IDS (Form PTO-1449), dated 8/10/04, fail to show the steps of the method as claimed, either alone or in combination.

In particular, they fail to show:

2. 1) changing a composition of the deposition ambient while reducing the bias voltage to deposit a second barrier layer on sidewalls of the interconnect structure; substantially re-establishing the deposition ambient; and conformally depositing target atoms to form a third barrier layer over the bottom barrier layer and the second barrier layer; and
3. 2) depositing tantalum by ionizing physical vapor deposition primarily at a bottom surface of a via formed in a dielectric layer of a metallization structure; and depositing a tantalum nitride/tantalum bi-layer on sidewalls of the via.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lynne A. Gurley whose telephone number is 571-272-1670. The examiner can normally be reached on M-F 7:30-4:00.
